

ICE TEA & ROOIBOS

1. Add 6-8 teaspoons of tea (29131 Rooibos "Fruit Lover") to a teapot, pour in 1 liter of boiling water, and let it steep for 10 minutes.
2. Strain the tea into a heat-resistant carafe and stir in sugar if desired. Add about 10 ice cubes and let it cool down.
3. Then refrigerate the tea for 2 hours and refine it with orange slices before serving.
