

SPRING 2024

ORGANIC VARIETY

Spring wishes you a warm welcome! Everything is finally becoming more vibrant again – just like our colourful organic tea variety. In this year's spring offer, our most colourful and fruitiest organic teas are waiting to delight you with vivid colours and fragrances. Let yourself be seduced by the wide variety and discover how sustainability and enjoyment merge in your cup.

NOVELTY

Crisp, juicy, fresh and light – that's the essence of spring. We have captured this exact flavour for you with our latest organic fruit tea composition „Green Peach“. The famously seductive, good-mood-boosting flavour of juicy peaches is elevated to a whole new level of delight with an extra touch of freshness thanks to a pure, high-quality distillate made from crisp, fresh cucumber. For a refreshingly lively tea experience.

SWEET

EASTER TIME

In our "Sweet Easter time" category, selected teas are waiting to accompany your joyous celebrations. Ranging from refreshing spring blends to sweet delicacies – discover your own perfect Easter delight. Treat yourself to a cup full of Easter cheer and enjoy the moment!

NOVELTY

Our new delicacy „Liquorice Tea Bio“ is an absolute must-have for liquorice fans and definitely in vogue! With a combination of black tea and ingredients such as fennel and pepper, we have even succeeded in satisfying fans of the typical salmiak liquorice flavour – a more tart version of liquorice with a slightly salty note – without using any real salt. This is the only way to ensure that the exquisite taste of the black tea is not altered and the characteristic liquorice sweetness still comes through. „Liquorice Tea Bio“ – a guaranteed success, of course in organic quality.

LIQUORICE TEA BIO

21885

Flavoured black tea / spice blend organic

INGREDIENTS Black Tea blend organic, fennel organic, liquorice root organic, aniseed organic, black pepper-corns organic, coconut chips organic, natural star anise flavour, rose flower petals pink organic, marigold bloom petals organic

A top-down photograph of a hand holding a white cup filled with a bright yellow liquid, likely tea, on a matching saucer. The cup and saucer are placed on a dark wooden surface. A dog's white paws are visible at the top of the frame, resting near the cup. To the left of the cup, there are several flowers, including a white daisy and a pink flower. The overall scene is warm and cozy.

LOYAL

COMPANIONS

In our "Loyal Companions" section, you will find adorable accessories with cute animal designs inspired by our four-legged friends. In addition, absolute top seller teas with cheerful animal names await you, which have always accompanied you and us faithfully due to their long-lasting success story.

THINK OUTSIDE THE (NESTING) BOX

Instructions for building a birdhouse

Teapots are not only a home for our favourite teas.

In spring, our feathered friends start looking for nesting sites for the upcoming breeding season. As the environment and sustainability are also particularly important issues for us, we have a great upcycling inspiration for anyone who wants to do something good, likes crafting and tinkering and still has an old teapot in the cupboard.

Material

- 1 teapot
- 1 angle bracket (e.g. one to connect wooden beams, 80x80x40 mm)
- Wood screws
- 1 round screw hook (diameter depending on the width of the teapot handle)
- 3 wooden boards (as back wall, roof and for fixing the teapot)

Building instructions

- Use the angle bracket to connect the two wooden boards together to form the back wall and the roof
- Screw the round hook into the „roof panel“
- Hang the teapot by the handle in the hook and position the third piece of wood so that the teapot can no longer be moved – then screw this piece directly to the back wall
- Now just choose a nice spot in 2–3 metres height on a tree or on a house wall and attach it (use wall plugs if necessary)

CLASSICS

PU-ERH GREEN ELEPHANT BEENG CHA 100 G – SHENG 15471

Pu-Erh Tea

A tribute to a wonderful event. In spring of 2021, 16 elephants from the wild 'elephant valley' in Xishuangbanna headed south to the border of Kunming. Making a detour, the elephants are now on their way home. It is the first time that a new elephant route has been observed – this edition of pressed tea was created to commemorate the occasion.
